National Institute of Technology Calicut

### ***Scope and Coverage***

National Institute of Technology Calicut (NITC), formerly the Calicut Regional Engineering College (CREC), is a federally funded technical university and an institute of national importance governed by an act passed by the Parliament of India. It was established in 1961. The library has 90,000 Books 16,500 Journal Back Volumes and Current Subscription to 260 Journals with 201 of them with Online Access Component.

### ***Kind of Information***

The library website provides search bar, in this search bar users just have to put search terms. If there is something specific that they wish to find, like an author or a title, they can use the "Library Catalog" dropdown menu to select a specific area.

Users can also use the format dropdown menu to search particular types of items - like books, bound volumes, or CDs - or search for items in specific collections. For even more specific searching, they can use the **Advanced Search** feature to help narrow search for desired documents.

There is also an Authority Search option which includes search term in the search bar and search criteria like authority type (personal name, corporate name, meeting name etc.), search options (contains, starts with, is exactly), search terms location, option by which the search result would be arranged.

The above search processes produce list of relevant documents to the given search criterion. In this list some bibliographic information are provided like title, author name, edition, material type, format, literary form, publisher, place of publication, year of publication, accession numbers etc. All the titles in this list are hyperlinked with another webpage of full bibliographic details of each title in general view and as well as in MARC view and ISBD view. The holding detail of each title is also kept.

### ***Special Features***

- Nalanda Digital Library is part of NIT Calicut Library and offers free eBooks in PDF and HTML formats in Engineering, Classic Fiction, History, Biography, Psychology, Philosophy, Homeopathy etc. In the web OPAC page of the library there is a link to Nalanda Repository.
- Under each title there are options to print, highlight or unhighlight or to save the bibliographic record and also more searches for the title.
- Along with the detail bibliographic details of each document, there is an

option to browse for some other related documents from the collection. With bibliographical details of each document the similar titles of the collection are also provided.

### ***Arrangement Pattern***

The listed documents are arranged by relevancy to the search queries. Users can rearrange their desired documents in many ways, like according to popularity (most to least or least to most), author name (alphabetical from Z to A or from A to Z), call number (from 0 to 9 numbers to A to Z alphabets or vice versa), publication or copyright date from newest to oldest and vice versa, acquisition date from newest to oldest or vice versa, and lastly according to title from A to Z and vice versa.

### ***Remarks***

National Institute of Technology Calicut is one of the National Institutes of Technology established by the Government of India for imparting high standard technical education to students from all over the country. The college is among the very few institutions in the country to host a supercomputer of its own, and amongst the pioneers in the country to have a dedicated nanotechnology department. *NIT Calicut* has been ranked as the 35th best Engineering College of India in the Edu-Rand Rankings of 2015. According to the National Institutional Ranking Framework (NIRF), the institute is ranked **35** in the 2016 engineering university rankings.
