Name of the Tool The RTAMS Transportation Glossary Home Page Regional Transportation Authority Mapping and Statistics (RTAMS) Transportation Terminology Glossary The KTAMS Transportation Glossary contains over 3,000 transportation terms, along with their definitions and acronyms. It should be used as an aid to understanding common transportation terminology. This glossary and table of acronyms has been compiled by borrowing from various sources including: AdSHTO, APTA, CATS, IDDT, RTA, and Pace. To simplify usage, terms are not segregated by the various modes of origin (aviation, highways, public transportation), but rather in alphatectacl order. It should also be noted that where some of the modes unlike identical terms, their meaning may vary and in some cases, more than one definition provided.
