Home Page	

Logo	

URL	www.educatelibrary.com/

Subject	Education –United States - Directories Web sites – United States - Directories

Accessibility	Free

Language	English

Publisher	EducateLibrary.com, Inc.
Brief History	It was started in 2005.
Scope and Coverage	Education directory includes information on special education, instructional technology, bibliographies, colleges & universities, teaching and education etc. on this site. Online visibility can be increased throughout the education directory network. Affordable and effective online ads also can be seen to promote targetted education market.

Kind of Information	This directory provides information on the websites of many categories. Some of those are: language schools, higher education, k-12, international, resources, special education, standard and testing, literacy, methods and theories, news and media, policy, government agencies, organizations etc. A category may be subdivided into many sub categories and a subcategory can also be further subdivided into micro categories. Such as, ***subcategories and micro categories of educators*** are:
	
	 ➢ Academic dishonesty
	 ➢ Employment
	      • Exchange programs
	      • Job fairs
	      • Recruiters
	 ➢ Higher education
	 ➢ K through 12
	
	 Each of these subcategories and categories provides list of relevant websites and each website provides a brief description and its URL. Some websites of recruiters are enlisted below as examples:
	
	   Cooper Lyons Recruitment
	 Recruiter of teachers from outside of the UK to teach within the UK for at least one academic year.
	 http://www.cooperlyons.com/
	
	 Education VIPs
	 Employment agency (UK education), temporary and permanent teaching positions in schools and colleges in London, Kent, Surrey and Sussex.
	 http://www.educationvips.com/
	 Education articles are provided with title and description. One of those is given below as example:

> **Tips To Learn English**
> Do you have any plan to pursue your further education abroad? Will you need English for your career or your education? If so, you may wish to investigate your options for learning, or improving, your English skills [...]

New additions are kept separately including a brief description and website link. Such as :

> **New Additions**
>
> 1. Online Homeschooling
> The Ogburn Online School offers accredited online high school programs across the nation. The flexibility of online classes allows students to complete their coursework at their own pace.

Different kinds of packages can be seen with information on fees, facilities and how to submit a new website. Those packages are: education traffic package 1, education traffic package 2 and education traffic package 3. It also provides HTML codes for its banner link and text link.
