Scope and Coverage

International business is a term used to collectively describe topics relating to the operations of firms with interests in several countries. Such firms are sometimes called Multinational Corporations (MNC's). All advertisers are automatically placed online as the existing and potential customers can access any business or related information easily from any corner of the world. It covers information on different topics like internet marketing, finance, shopping, international investment, banking, accounting, health insurance, auto shipping, case study, card services, air travel and regions services such as Africa business, Asia business, Europe business, Oceania business, Middle East business, North America business and more.

Kind of Information

This directory provides information on a variety of categories like economics, education, electrics and electronics, employment, government and trade, import and export, industrial goods & services, retail & consumer trade, society and culture, telecommunication, translation services, transportation and logistics etc. after clicking on each category, the sub categories can be seen up to the micro levels. Each of those gives a list of websites including a brief description and URL. As for example, import and export directories show the list as follows:

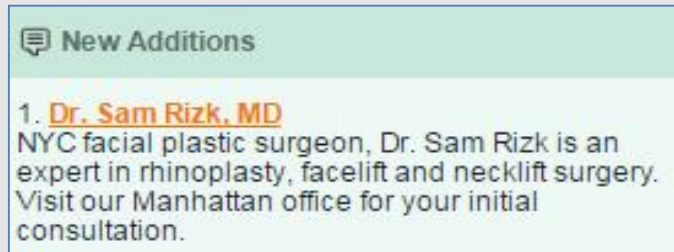

The screenshot shows a web page with a breadcrumb trail at the top: "You are here: [Home](#) > [Directories](#) > [Import and Export](#)". Below this is a green header bar with a speech bubble icon and the text "Listings". The main content area lists three items:

- [Africa import-export and trade forum](#)**
Africa trade forum dedicated to business and import export opportunities towards America, Asia Pacific and Europe; in English and French.
<http://www.export-forum.com/>
- [Africa Product Digest](#)**
Promoting and developing African exports and providing international online business and product information.
<http://www.africaexports.co.za/>
- [Beauty Products Export Import Directory](#)**
Listings worldwide for the cosmetics and toiletries industry.
<http://www.beauty-exports.com/>

InternationalDot.com acts as a network of international business related websites and any one can submit new site at affordable cost and give effective online ads for the targetted international business market. Available information can also be found on 3 types of packages: Internationals Business Traffic Package 1, 2 and 3. Guidelines are given on how to add or how to submit new site.

International business articles on some important topics are kept in this site to let the visitors know about current trend.

New additions are serially maintained and kept separately. The topics are provided with brief description and particular links. An example is shown below:

New Additions

1. [Dr. Sam Rizk, MD](#)
NYC facial plastic surgeon, Dr. Sam Rizk is an expert in rhinoplasty, facelift and necklift surgery. Visit our Manhattan office for your initial consultation.
