## Brief History

Subject to research

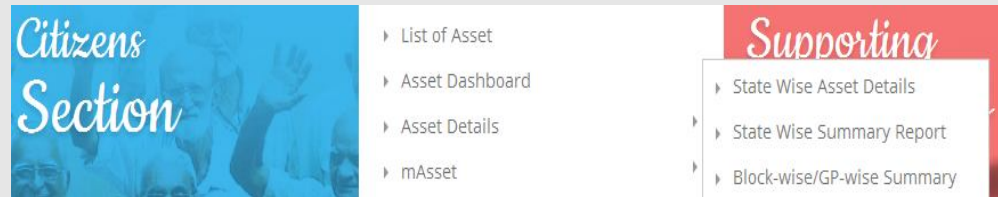

## Scope and Coverage

NAD maintains the stock of all the assets created, controlled and maintained by the RLB/ULB/Line Department in the country and assigns a code to each asset for its unique identification leading to effective utilization of the Assets. It is tropically

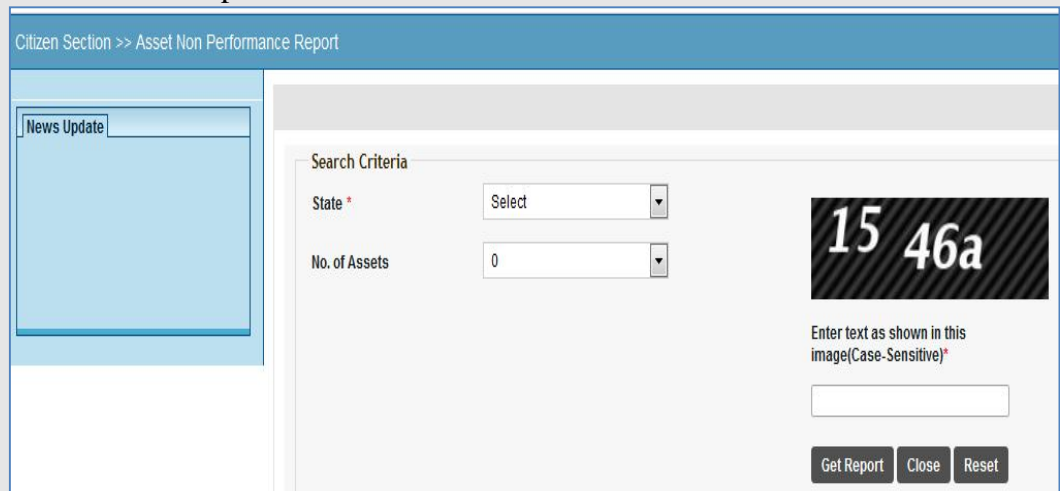

limited only in India.

### **Kind of Information**

It provides information under three main categories, i.e. “Citizens Section”, “Supporting Documents” & “Latest updates”. Under each of them some topics can be seen which include some sub topics also. In case of “Citizens Section”, some of the following topics and sub topics can be seen:

After clicking on a particular topic at micro levels, some mandatory search criteria & captcha have to be filled. Such as to get a result of “Asset Transfer Report”, two mandatory fields (state & plan unit type ) and some other fields are to be filled up. At the same time, to search asset non performance report following criteria have to be filled and the path can be seen also.

Features of mAsset applications are provided here. List of asset, asset dashboard asset details, mAsset, focus area wise asset category and sub category, consolidate national level data entry report, digital India week 2015, GIS report etc. are discussed under “ Citizens Section”. Simultaneously, computer Based tutorial of NAD, computer based tutorial of NAD, presentation on NAD & data collection registers etc are discussed under “Supporting Documents”.

### **Special Features**

- It provides facilities of sitemap, FAQs, feedback etc.
- It is directly linked with the national portal :

- It is also linked with other websites like: national e-Governance plan, Ministry of panchayati Raj, Social Audit etc.
- mAsset mobile app can directly be downloaded from this website.
- Font size of the web pages can be changed.

**Arrangement Pattern**

Content-wise arrangement can be seen. In case of block-wise / GP wise summary, names of blocks/panchayats of a district are shown alphabetically. In case of “Burdwan” result is as following:

S.No	Block Panchayat	Total No Of Asset	ASSET STATUS		
			In Use	Repairable	Irrepairable
1	AUSGRAM-I	0	0	0	0
2	AUSGRAM-II	0	0	0	0
3	BARABANI	0	0	0	0
4	BHATAR	0	0	0	0
5	BURDWAN-I	0	0	0	0

**Remarks**

National Asset Directory (NAD) is one of the 12 software applications, envisaged as part of Phase II of e-Panchayat MMP. This website is not updated regularly as many links can not be opened (problem of broken links).

**Comparable Tools**

**Date of Access**

20<sup>th</sup> December, 2016.
