**Scope and Coverage**

Superpages.com is the local expert and a top online resource for finding information and insights on businesses and retailers. Every month it helps millions of consumers to find valuable local business information from driving directions and hours of operation to web links and customer reviews.

**Kind of Information**

It provides information on a lot of categories including their subcategories also. Some of those major categories are education, personal care and services, health and medicine, travel and transportation, home and garden, food and drinking, clothes and accessories, computers and electronics, legal and financial, sports and recreation, business, arts and entertainment, shopping, automotive, industry and agriculture, community and government etc. After clicking on each of those categories, list of companies can be seen including information on its rating, address (including map), related reviews and photographs. Other important information like category, additional contact, products & services, brand, payment option, customers served, ownership etc. are also found. An example is shown below:

Advertising is done through different ways. Such as, digital display ads, pay-per click(PPC), reputation management, social media marketing, priority placement on superpages.com, business websites etc.

It also provides weather report of each region (on a single day) separately. Examples are as follows:
