**Publisher** WebMD, LLC.

**Brief History** Subject to research

**Scope and Coverage** It covers information on a lot of pharmacy including the locations. It covers the information on physicians, insurance and hospitals also in the respective directories. Different types of health symptoms, health news, health checking tools and health solutions etc. can also be known.

**Kind of Information** **'Health A to Z'** generally gives information on common topics like acne, aging, acid reflux, AIDS etc. After clicking on each of those topics, related articles and top stories can be seen.  
Another important heading is **'Drugs & Medications A-Z'** which helps to find drug either by using drug name or medical condition. Each of the drugs provides information on several aspects. As for example, Ibuprofen oral gives information on the following topics:

Featured topics are discussed separately and each of them are given including particular images and a brief description. Such as :

Different topics like food & recipes, weight loss & diet plans, fitness & exercise, sex & relationships, women's health, men's health, teen boys, teen girls etc. are discussed under the heading **'healthy living'**. In each case, related top stories, opinions of WebMD community and latest headlines are given.

The articles are given with photos and the subtopics are highlighted also.

Information on family and pregnancy can be found also. Detailed information on 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> trimester of pregnancy help women to know about many important and critical things. The popular tools are enlisted here. Such as: ovulation calculator, fetal development timeline, raising fit kids, kids height predictor, vaccine guide etc.

Health news are provided with sub headline, reporting detail, name of reporter etc. FAQs are given in WebMD message boards. Expert opinions are given on some important topics with the name of the author, related photos and brief description.

Doctors can be searched by their specialities, procedures and conditions. The pharma companies are given with their contact detail, locations and maps etc.
