Brief History

DVM.org is a privately-owned company composed of strategic doers, thinkers and writers and is dedicated to making one's experience with the DMV (Department of Motor Vehicles) better than he or she thought possible. It provides DMV-related

content and services in a user-friendly way that's simple-to-read and easy-to-understand since 1999. One of those services is DMV Driver Handbook which has launched in the same year under DVM.org website, which is not operated by any state government agencies.

Scope and Coverage

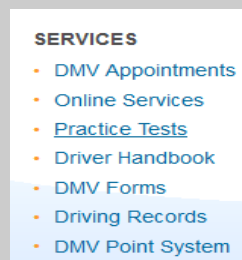

The mission of this website owner is to help DMV's across the United States by helping the drivers. Each state of US has a number of DMV handbooks and driver's manuals to help drivers become a safer driver. Common driving manuals include those for a standard driver's license, commercial driver's license (CDL), and motorcycle license. Some states may also offer additional resources, including driver's handbooks for teen drivers. Every state also has a Vehicle Code, which includes information about laws related to motor vehicles and traffic laws, general road signs, rules of the road and speed limits, rules of the road and speed limits specific to your state, road signs specific to your state, safety tips, permit and driver's license application procedures, Driving under the influence of drugs or alcohol (DUI and DWI).

Kind of Information

Under each state of US there are numbers of hand books manuals which provide information on various aspects of driving laws, traffic laws and many others. As for example, the California Driver's Handbook & Manuals covers various topics, includes rules of the road, learner's permit requirements, driver's license in CA, replacing a lost or stolen driver's license, vehicle insurance requirements, changing of address, etc.

Special Features

- Under each state of US, the handbooks and manuals, vehicle codes are assembled.
- Under this website, along with the handbook, the following services are available:

- At the home page, under the heading “Insurance”, there are following options are available:
