OMICS Publishing Group

Brief History

OMICS international was established in the year 2007. Founding director of OMICS International is Dr. Srinubabu.

Dr. Srinubabu's journey to pioneering ground-breaking scientific education and training methods began when he received the "Young Scientist Award" for a research paper he produced for an international conference at the Human Proteome Organization in Seoul, Korea, in 2007. The award inspired him to establish OMICS

International in 2007, with the mission to free scientific knowledge from all barriers.

It started its first open-access journal, the Journal of Proteomics & Bioinformatics, in 2008. In 2012, OMICS Group had more than 200 journal titles, about 60% of which had no content. By 2015, it claimed over around 700+ peer-reviewed journals.

Scope and Coverage

OMICS International through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. OMICS International is one of the leading Open Access Publishing houses, which has around 700+ peer-reviewed journals, 50000 eminent and renowned Editorial Board members, and highly qualified, expert reviewers to meet the objectives of the Peer-Review Process.

OMICS International journals have over 3 million readers and the fame. OMICS International signed an agreement with more than 1000 International Societies to make healthcare information Open Access.

All OMICS International journals are subjected a single blind peer review with a view to abide by the overall aim and scope of the organization and to fulfill the need for diffusing knowledge across learning and practicing areas in scientific disciplines. The peer-review process is done by esteemed reviewers with an in-depth knowledge of the specialized discipline and purpose of the process. In order to encourage maximum participation from part of the reviewers, OMICS Group International awards scientific credits based on manuscripts handled and the exemplary timelines by the authors.

Kind of Information

OMICS International contains peer reviewed journals & it is sub-divided into two parts. One is 'Journals by Subject' and another is 'Clinical and Medical Journals'. Journals by Subject covers subjects like Agriculture and Aquaculture, Biochemistry, Bioinformatics & Systems Biology, Biomedical Sciences, Business & Management, Chemical Engineering, Chemistry, Clinical Sciences, Computer Science, Economics, Accounting, Engineering, Environmental Sciences, Food & Nutrition, General Science, Genetics & Molecular Biology, Geology & Earth Science, Immunology & Microbiology, Informatics, Materials Science, Mathematics, Medical Sciences, Nanotechnology, Neuroscience & Psychology, Nursing & Health Care, Pharmaceutical Sciences, Physics, Plant Sciences, Social & Political Sciences and Veterinary Sciences.

Clinical and Medical Journals covers subjects like Anesthesiology, Cardiology, Clinical Research, Dentistry, Dermatology, Diabetes & Endocrinology, Genetics, Healthcare, Immunology, Infectious Diseases, Medicine, Microbiology, Molecular Biology, Nephrology, Neurology, Nursing etc.

The tracking system used by OMICS International for a peer-review of scientific journals meets the criteria of an international editorial manager system. This provides greater flexibility and degree of transparency at each level, with respect to the authors, editors, and reviewers respectively.

OMICS International Peer-Reviewed Journals establishes the legitimacy of exploration based upon the expert information of different specialists in the order, consequently averting adulterated work from being acknowledged within an area of study. The process of peer review is comprehended and acknowledged by the majority of researchers. The forum includes experts, those who have common area of interest, expertise and experience to evaluate the work to be published. The reviewers will be given priority utmost to reflect the appraisals of a research work and to extract the potentialities of the researcher.

Special Features

- OMICS International and its subsidiaries including iMedPub LLC and Conference Series LLC Organise 3000+ Conferences across USA, Europe & Asia with support from 1000 more scientific societies.
- Conference lists are given in supporting a particular journal or subject.
- OMICS International gives access to Pinterest, the world's catalog of ideas.

Arrangement Pattern

Subjects are arranged alphabetically under ‘Journals by Subject’ and under ‘Clinical and Medical Journals’. Each subject is sub-divided with peer reviewed journals and also arranged alphabetically.

Journals by Subject		Clinical & Medical Journals	
Agri and Aquaculture	Geology & Earth Science	Anesthesiology	Neurology
Biochemistry	Immunology & Microbiology	Cardiology	Nursing
Bioinformatics & Systems Biology	Informatics	Clinical Research	Nutrition
Biomedical Sciences	Materials Science	Dentistry	Oncology
Business & Management	Mathematics	Dermatology	Ophthalmology
Chemical Engineering	Medical Sciences	Diabetes & Endocrinology	Orthopaedics
Chemistry	Nanotechnology	Gastroenterology	Pathology
Clinical Sciences	Neuroscience & Psychology	Genetics	Pediatrics
Computer Science	Nursing & Health Care	Haematology	Physicaltherapy & Rehabilitation
Economics & Accounting	Pharmaceutical Sciences	Healthcare	Psychiatry
Engineering	Physics	Immunology	Pulmonology
Environmental Sciences	Plant Sciences	Infectious Diseases	Radiology
Food & Nutrition	Social & Political Sciences	Medicine	Reproductive Medicine
General Science	Veterinary Sciences	Microbiology	Surgery
Genetics & Molecular Biology		Molecular Biology	Toxicology
		Nephrology
